# Important Considerations

- To initiate the project development, a 50% deposit must be made into a bank account, with the remaining 50% paid upon delivery.
  - Maintenance is billed separately.
  - We can provide guidance on where to purchase hosting, but the acquisition and purchase are the responsibility of the client.
  - For design changes or additional requirements, scheduling must be done in advance and agreed upon by both parties, with a maximum of 3 preferred changes accepted.
  - Future updates will be charged separately.
  - Payment can be made for the entire service or on an hourly basis.
  - Hourly payment depends on the time and complexity required, as assessed.
  - Payment will be in colones.
- 
- There is flexibility for project proposals beyond the services outlined. These proposals will be evaluated by me personally for consideration and valuation.
